Y.M.C.A. BOYS PUT HANDFULS OF IN PLEASANT EVENING

Seventy-five members of the employed boys' department of the Young Men's Christian Association were the guests Wednesday evening of members of the Lincoln and Washington clubs at a banquet in Cooke Hall, in celebration of the birthdays of George Washington and Abraham Lincoln.

About a week ago the Lincoln Club entertained the Washington club, and the gathering Wednesday was a joint entertainment given by these two clubs of the employed boys' department. The program in Cooke Hall, which had been arranged by R. M. Cross, secretary of the department was excellent.

The members of the six clubs sat down to dinner at six o'clock, following which the evening's entertainment was begun. Carl Basler, who is possessed of a very pleasing tenor voice, sang "My Own United States" and then proceeded to teach the boys the chorus, with the result that they were all soon singing in full force. As this song is being advocated as the new national hymn to take the place of the Star Spangled Banner, its singing was appropriate on this occasion.

Ex-Senator C. H. Dickey gave a very interesting talk upon the subject: "Abraham Lincoln as I knew Him," telling how he had known Lincoln intimately as a boy knows a man; how he had played chess many times; and how Lincoln used to be a frequent visitor at the Dickey home in Illinois. Charles F. Loomis, secretary of the boys' department, told a number of interesting stories concerning the life of George Washington, and although Mr. Loomis was unable to relate any personal incidents with the immortal George, he entertained and instructed the boys, nevertheless.

The principal address of the evening, perhaps, was that which was delivered by C. A. Cottrill, collector of internal revenue, who spoke at length upon the subject "Why Lincoln and Washington were good Citizens." He gave illustrations showing how it is possible for the poor and uncultured man to become a president of the United States, as well as the man of the silk stocking type. He also referred to the debt of gratitude which the negro race owes to Abraham Lincoln.

Following the address by Mr. Cottrill, Messrs. Nelson and Robinson, of Mills School, pulled off a few clever stunts and sang a number of comic songs, music being furnished by the Lincoln Club orchestra. The members of the clubs then adjourned to the games hall where they indulged in various athletic pastimes until the closing of the building for the night.

MOUNTAIN LIONS PLENTIFUL AROUND THIS NEVADA TOWN

TIPPITTS, Nev., Jan. 31.—Unusual reports have been brought here by sheepmen and residents in the region hereabout, regarding the presence of an extraordinary number of mountain lions in that region.

F. McCurdy, a large sheep raiser, living 90 miles northeast of Ely, reports killing one lioness and her cub two miles from his home. The lioness measured within a few inches of a foot from tip to tip and stood 32 inches in height at the shoulder.

The following day McCurdy and a hired man lassoed a second cub, which had taken refuge in a tree. The beast fell to the ground and feigned to be dead. The men bound its feet and head to cedar branches and took it home on an improvised sled.

CLEANS THE HAIR AND MAKES IT BEAUTIFUL—25 CENT "DANDERINE"

In a Few Moments Your Hair Looks Soft, Fluffy, Lustrous and Abundant—No Falling Hair or Dandruff

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time, this will cleanse the hair of dust, dirt or any excessive oil—in a few moments you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance, the beauty and shimmer of true hair health.

Besides beautifying the hair, one application of Danderine dissolves every particle of Dandruff; cleanses, purifies

and invigorates the scalp, forever stopping itching and falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Danderine from any drug store or toilet counter and try it as directed.—advertisement.

HELP FOR WORKING GIRLS

Two Girls Tell Story of Their Illness and How They Found Relief.

New Orleans, La.—"I take pleasure

in writing these lines to express my gratitude to you. I am only 16 years old and work in a tobacco factory. I have been a very sick girl but I have improved wonderfully since taking Lydia E. Pinkham's Vegetable Compound and am now looking fine and feeling a thousand times better."

—Miss AMELIA JAQUILLARD, 613 Seventh Street, New Orleans, La.

St. Clair, Pa.—"My mother was alarmed because my periods were suppressed and I had pains in my back and side, and severe headaches. I had pimples on my face, my complexion was sallow, my sleep was disturbed, I had nervous spells, was very tired and had no ambition. Lydia E. Pinkham's Vegetable Compound has worked a charm in my case and has regulated me. I worked in a mill among hundreds of girls and have recommended your medicine to many of them."

—Miss ESTELLA MAGUIRE, 110 Thwing St., Saint Clair, Pa. There is nothing that teaches more than experience. Therefore, such letters from girls who have suffered and were restored to health by Lydia E. Pinkham's Vegetable Compound should be a lesson to others. The same remedy is within reach of all.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

ing but the apparel in which they made their dramatic escape from a structure fast crumbling into embers.

Gowns purchased in Paris, costing a thousand pesos each, a bunch of black aigrettes, just received from France, and stage clothes enough to make a six weeks' run, with complete changes three times a week, all went up in smoke.

Wooden dancing shoes, a dozen pairs, which can be made only in Chicago and New York, wonderfully embroidered satin kimonos from Japan, and silk Mandarin coats from China, not worn as yet and intended for the new turns they were to put on, with Chinese and Japanese costumes complete, jade and ivory curios by the dozen, all have gone. Nothing was insured, as their policies were cancelled when they left on the world tour that has ended so disastrously in Manila.

One officer in the Persia was of the opinion that the fire was started to cover a robbery of the theatre dressing rooms. The clue upon which the authorities are working was the discovery upon the person of a Filipino of a pair of valuable jade pendants owned by Miss Rabbit Howard.

"54" HUDSON—a Six
 65 miles an hour. To 50 miles an hour in 30 seconds, from standing start.

The Two New HUDSON Cars That 48 Engineers Built

The picked engineers from 97 European and American automobile factories combined in building the New HUDSON cars.

There are 48 experts in the organization, at the head of which is Howard E. Coffin, America's leading automobile engineer and builder of six famous cars.

Combined, these men had a hand in building more than 200,000 motor cars.

No car can be greater than its engineers planned it to be. We believe mechanical perfection is more quickly and thoroughly accomplished through combining the experience and skill of many men than is ever possible if dependence is placed entirely upon one man.

HUDSON Electric Self-Starting—Electrically Lighted**The Six**

The "54" HUDSON supplies every demand made of any automobile. In speed, get-away, safety, power, luxurious equipment, distinctive appearance and comfort.

It is not merely a "Six" made so by the addition of two cylinders to a good four-cylinder car. It is capable of a speed of 65 miles an hour with full equipment and will jump to a speed of 58 miles an hour in 30 seconds from a standing start.

Its equipment is complete in every detail, which includes an electric self-cranking, electric lighting—dynamo type—and ignition system, known as the Delco, patented. Illuminated dash and extension lamp, modern top, curtain, rain vision windshield, speedometer, clock, demountable rims, 36x1 1/2-inch tires, 127-inch wheel base, etc.

The seat cushions are 12 inches deep. Turkish type. The finest materials are used throughout. No detail of finish or equipment is skimmed or overlooked.

"54" HUDSON Models: Five-passenger Touring Car and Torpedo and Two-passenger Roadster, \$2450 each, f. o. b. Detroit. Seven-passenger Touring Car, \$1500 additional. Limousine, 7 passenger, \$3750; Coupe, 3-passenger, \$2550. Open bodies furnished with Limousine and Coupe at extra charge.

The Four

No man need be told that Howard E. Coffin leads all in building four-cylinder cars. No designer has built as many successful automobiles.

In building the HUDSON "37" all his skill and experience contributed to its perfection. But in addition there was also worked into the car the skill and experience of his 47 expert associates.

Thus was produced a car such as no one man is capable of building. It is truly a composite masterpiece. The "37" combines all that these experts know in the art of automobile building. Its detail of comfort, beauty, distinctiveness and equipment is precisely the same as that furnished on the "Six."

The car has sufficient power for every requirement. It is quiet and free from the degree of vibration common to most automobiles.

It is a simple, accessible, durable car—the best our 48 engineers know how to build; therefore we unhesitatingly recommend it as the Master of any four-cylinder car, regardless of cost, power or make.

Models are Five-passenger Touring and Torpedo and Two-passenger Roadster at \$1875 each; Limousine, \$2250; Coupe, \$2350; f. o. b. Detroit. Open bodies with Limousine and Coupe, extra.
